Education

Coding Dojo - Full Stack Developer Program

September 2021 - March 2022

- 24 weeks intensive coding bootcamp: 1000+ hrs of full stack coding, algorithms, testing, pair programming

Community College of Philadelphia - Paralegal Proficiency Certificate

Completed December 2019

Temple University - Bachelor's of Arts, Anthropology

Driven, goal oriented full-stack developer with a strong interest in front-end technologies. Comfortable collaborating on intellectually and culturally diverse teams to complete assignments and exceed goals. I am excited to work for an organization where I can tackle challenging projects that allow me to continue to learn new technologies, frameworks and programming languages.

TECHNICAL PROJECTS

Concert-A-Go-Go

TechStack: React, Express, MongoDB, NodeJS, Bootstrap

A web application for music lovers to track future concert plans, search concert listings, and log user feedback and photos of previous events.

- Built application end-to-end using MERN framework, incorporated Ticketmaster API to increase functionality of app, integrated JWT and bcrypt frameworks for authentication and registration
- Designed front-end using React Bootstrap

Ramen Dojo

TechStack: React, Express, MongoDB, NodeJS, Bootstrap

A restaurant website with end-to-end order management integration system that enables users to order and process directly online

- Collaborated on a team of 5, **OWNED** front end design, integration, testing and validations to deliver a responsive cross-platform user friendly web application
- Lead and organized team to deliver project within development timeline.

Work Experience

South Jersey Legal Services - Paralegal, Family Law Project

Camden, NJ - 05/2021 - present

- Composed and submitted pleadings, discovery response, and other legal documents for divorce, custody, support, and domestic violence cases.
- Searched documents, compiled evidence, and prepared trial exhibits.
- Created CLE materials according to managing attorney's specifications.

Legal Clinic for the Disabled - Paralegal

Philadelphia, PA - 10/2019 - 12/2019, 2/2020 - 5/2021

- Conducted initial client interviews for the clinic's housing initiative.
- Liaised with clients, social workers, and doctors to complete paperwork required for guardianship cases.
- Developed new client management software to fit the needs of the organization.

The Love, Marigold Kitchen & other - Server, General Manager

Philadelphia, PA - 9/2006 - 3/2020

- Managed and served tables at various high end restaurants, ensuring quality food and service to optimize guest experience.
- Communicated with cross-functional teams to identify and solve problems.
- Established professional relationships with clients and vendors, directly contributing to increased client retention and improved vendor relations.
